EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Brian Hannon, applicants' attorney, on June 28, 2006.

The application has been amended as follows:

In claim 1 line 9, insert --droplets-- between "micro-liquid" and "in".

EXAMINER'S STATEMENT OF REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: There is nothing in either Japan patent document no. 2003089519 A or in the article titled "Preparation of Hollow Alumina Microspheres by Ultrasonic Spray Pyrolysis" by Kato et al. which teaches or suggests the presence of either a surfactant or organic acid in the aqueous solution subjected to ultrasonic or supersonic radiation, as set forth in the applicants' independent claim and the claims dependent thereon.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance.".
